THE CRISIS IN SZECHUAN—The
Sinchenpa's Chungking correspondent reports
the arrival on the Szechuan-Yunnan borders of
a large body of insurgents from the latter
named province, and the besieging by them of
the Szechuan city of Hsingwenhsien. The
correspondent further states that Viceroy Tsén
Chien-hsien has sent the "Lih" regiment to
assist the Hsingwenhsien authorities in repelling
the Yunnan insurgents.

WESLEYAN CHURCH, WANCHAI—The
annual service to foster and increase interest
in Foreign Missions will be held in the above
Church on Sunday and Monday, the 7th and 8th
inst. On Sunday morning the Rev. Dr. Beattie,
of Canton will preach, and in the evening at
6, the Rev. C. L. Pone. On Monday at 6 p.m.
a public tea will be provided, to be followed at
7.30 by the annual meeting. The Revs. Dr.
Beattie, T. W. Pearce and others will furnish
missionary information. The Hon. F. H.
May, C.M.G. has kindly consented to preside.

THE REAL RULE OF CHINA, is
Yung Lu. There is a report which is seriously
taken among Chinese here, says the *N. C. D.*
News, that something will happen to the
Emperor before long, and that the Empress
Dowager will then retire, and the Emperor's
brother, Prince Chun, Yung Lu's son-in-law,
will be made the nominal Emperor, with Yung
Lu confirmed in the possession of all the real
power. A more probable prediction is, that if
Prince Chun has a son, that son will be made
Emperor, with his grandfather, Yung Lu, as
his guardian.

CURRENCY MATTERS—It is reported
that an important section of the wage-earning
Europeans of Singapore have in contemplation
a movement to secure payment of their wages in
gold, reports the *Singapore Free Press*. Several
of the prominent Japanese firms at that port
have decided to raise prices by ten per cent on
account of the state of exchange. The currency
question does not seem to interest keenly the
public of Penang. The *Penang Gazette* com-
plains that no steps whatever have been taken
for allowing the public to express an opinion
upon so important a question.

THE FOLLOWING RETURNS of the

CANNON AND CRACKERS—The
portions of the waters of the colony within
which it is prohibited to discharge cannon,
firearms, or fireworks are:—That portion having
for its eastern boundary, a line drawn across the
centre of the Lye-mun Pass; and for its western
boundary, a line drawn from the west end of
Hongkong to the west end of Green Island,
thence in a straight line to the west end of
Green Island, continued to the mainland, and
that portion lying within a line drawn from
the west end of Hongkong to Waterfall Bay,
thence to south end of Taitam Peninsula,
continued to Cape d'Agulhar and Cape Collinson,
terminating at south-east corner of the
Lye-mun Pass. Mail Steamers may fire a gun
if arriving within the above limits between 9
p.m. and 6 a.m.

HSINYU'S STORMY PASSAGE—The
China Times of 26th ult. says:—The *HSINYU*
has arrived outside the bar after a very stormy
passage. She encountered the worst weather
the officers on board have seen for many years.
The ship was "hove to" for one day. During
this time she nearly buried herself. She
shipped enormous quantities of water which
broke in windows, doors and bulkheads fore
and aft. The whole of her fine saloon at the
fore end was ruined by the large quantities of
water which poured in. The Viceroy of
Szechuan, who was on board, had a hard time
of it and was glad to get out of the ship at the
bar and come in chop-chop. All the other
ships are overdue on account of the bad
weather. They have been anchoring at the
different places of shelter on the coast. Some
are reported missing. The weather is now
fine, but tides very low.

THE KIOCHOW FLOATING DOCK—
The Berlin correspondent of the *New York
Herald* (Paris edition) reports that a new
floating dock, with a capacity of 16,000 ton,
is being completed at Kiel, and will be taken to
Kiochow, where it will serve for German
warships and merchant vessels. Heretofore
German warships have been obliged to go into
foreign docks for repairing. This floating
dock is capable of taking the largest German
warship. This bears out the cable from our
London correspondent, published in our columns
several months since, and contradicts the
report, which had been circulated, that the
dock was 1,600 tons capacity.

SERIOUS FIRE IN QUEEN'S
ROAD WEST.

THIS MORNING.

The stillness of the early morning hours
was broken by the ringing of the town bell,
which denoted that a fire had broken out in the
Western part of the City. The fire brigade,
under the charge of Deputy Superintendent
Captain Lyons, and Chief Inspector Mackie,
hastened down to the scene of the conflagration,
where they found that house No. 39, Queen's
Road West was burning fiercely, and this,
combined with a stiff breeze, threatened to
envelop the adjoining houses. Seeing that
there was no hope of saving No. 39, and as
smoke was already issuing from Nos. 37 and
35, the firemen concentrated their atten-
tions to saving the two houses. After a
hard battle they succeeded in saving the
premises, but not before they had been
damaged by water. No. 39, which is a three-
storied building, was completely gutted, whilst
the top floor of No. 37 was also damaged by
fire and water, as also the first and second
floors of No. 35. The fire is reported to have
broken out on the first floor of No. 39, used
as a mirror and joss-stick shop. The cause is
due to drying of the joss sticks, which acciden-
tally caught fire. The premises are insured
with Chinese Insurance Companies.

CORRESPONDENCE.

THE FORTHCOMING REGATTA.

TO THE EDITOR OF THE "HONGKONG TELEGRAPH."
Sir,—I see in the columns of your morning contemporary that their sport casts a nasty slur on the possibilities of Humphreys being one of the representatives of the English crew in the forthcoming Regatta. He remarks:—When I say English I am not quite correct, for Humphreys, who, until it was abandoned, stood for the Welsh crew, is in the challenging crew. How this inconsistency has been got round is not quite clear. However, the probable reason of the challenge looks to be not an honest wish to enter the best possible English crew, but to further some individual interests. The writer continues by favourably criticising all the crews of the Boat Club and the mention of V.R.C. oarsmen is conspicuous by its absence. Mr. "Ompax" fails to observe that H. L. Binyon, stroke of the Boat Club's team, is a Nova Scotian who, if I am not far wrong, subscribed to the Scotch Ball as a Scotsman; nor is any mention made of the overbearing attitude of the Club in opposing the entering of the best oarsmen from both Clubs, thereby obtaining the strongest possible team to represent England at the Regatta. I quite agree with the *Daily Press* when it opines that "the probable reason of the challenge looks to be not an honest wish to enter the best possible English crew, but to further some individual interests," and it appears that if the Boat Club had its own way some of the best sportsmen of the Colony—members of the V.R.C.—would be ignored.

Thanking you in anticipation,
Yours &c.,
ENGLISHMAN.

The miserable drizzle did not stop the leather hunters. Shortly after three o'clock, all the "Shorts" were out for 14 runs.

The rain was so heavy at four o'clock that the game was discontinued.

THE NEW POST OFFICE.

The Governor invites designs for the erection of the Post Office and other Government buildings on the site to the left of the Pedder Street of extension. It is suggested that the floor of the Post Office, which is to occupy the ground level, be raised sufficiently above the footpath to give additional light and ventilation to the basement. The first floor will be utilized for Treasury and Registrar General's Departments, and the second floor for Audit, Education and Sanitary Departments. Post Office fittings will include a fireproof room for mail bags, a strong room for parcels and a linen room 300 ft. square; the Treasury's department to be fitted with the usual stamp vault and strong room. Exclusive of the Architect's commission the total cost of the building is not to exceed \$500,000.

ASKI ASAHU JAPANESE DEER.

CANTON NOTES.

(From Our Correspondents.)

Canton, 5th December.

ANOTHER DARING THEFT.

The thieves and ruffians here are becoming more daring every day. A Portuguese clerk in the employ of Messrs Arnold Karberg left the office at the usual time yesterday evening and having just received his monthly salary was making for his home when three ruffians accosted him, and threw pepper into his eyes, robbed him of his money, and decamped. This occurred on the Canal Road facing Shamenee.

ANOTHER COLLISION.

Yesterday morning the Norwegian steamer *Labor* collided with a large junk in tow of a launch on its way to Canton from a market town. It was early morning and very dark. The junk was nearly cut in two, and a considerable quantity of cargo, such as pigs &c. was washed overboard. The junk sunk a few minutes after the collision.

CANTON-HANKOW RAILWAY

AND KING LEOPOLD.

A Brussels telegram states that King Leopold, for himself and for the Franco-Belgian Syndicate which constructed the line from Peking to Hankow, lately acquired a great block of the shares of the Hankow and Canton Railway Company belonging to the American Syndicate. According to the Convention concluded between the King's delegates and the representatives of the American Syndicate, all the materials necessary for the construction of this line must be bought by halves in Belgium and the United States.

The negotiations between King Leopold and the Chinese Government concerning the concession of several important railway lines and a territorial concession in the neighbourhood of Hankow are said to be progressing favourably. The King will probably obtain satisfaction of all his requirements from the Peking authorities. Concerning this the *Vingetieme Siecle* says:—

We believe that this information is not correct, at least as far as the grant of important railway concessions is concerned. The Hankow-Peking Railway is being constructed by a Franco-Belgian Company, whose head offices are at Brussels; but, according to private information which we have received, nothing is known here of any concessions to King Leopold. With regard to territorial concessions, there is at Hankow itself, and not in the neighbourhood, a vast estate, situated on the right bank of the Yangtze, and extending for a distance of 17,000 metres, which was purchased by the King of the Belgians four years ago, and since then his Majesty has been negotiating with the Chinese Government with the object of securing the extension to his property of the rights going with every foreign concession in China.

TIENTSIN DAY BY DAY.

(From Our Own Correspondent.)

TIENTSIN, November 24th.

AMERICAN CONSULAR SYSTEM.

The American Consul, Mr. Ragsdale left for home on four months' leave. It is generally hoped that he will be appointed for another spell here, as he has suited Tientsin very well. The American Consular system precludes the most representative class of men filling these posts, and Americans abroad live much as a rule, to say about the inefficiency of their Consuls; but Mr. Ragsdale has steered clear of many shoals, and is a careful albeit not specially trained Consul. In accordance with American system, his place is temporarily taken by Mr. Gammon, who has, I believe, had no previous experience in the business, and is better known in connection with a Bible Society. He is, however, a practical man.

JAPANESE MANOEUVRES.

General and Mrs. Creagh are back from Japan where they went to witness the manoeuvres. We have heard little or nothing about the manoeuvres up here yet, and do not know whether they were a success or failure. I remember witnessing the first manoeuvre Japan ever had, which was in 1892, and one of the most impressive facts was the inability of the men to stand much hardship or strain. The manoeuvres only lasted three days, and quite a percentage of the men were furloughed and generally played out. Even as late as then there was just a chance of giving offence if foreigners stood in the streets to watch the Emperor ride by, and I remember we found it expedient to take shelter in a rather dark shop. Ladies who attended the grand military review which brought the manoeuvres to a close were requested to remove their hats and bonnets. The missionary ladies did so; others declined the absurdity.

The Russian Minister has had to leave Peking owing to ill-health, and the capital is now without leading representatives for England, France and Russia, but the *Charge d'Affaires* in each instance will, it is thought, be able to maintain the credit of his country.

NONSENSE TALK.

There is much talk once more about the E.D. abdicating in favour of the Emperor, but I need hardly say it is all nonsense. One of the foreign ladies, (by which Mrs. Conger is presumably meant) is said to have urged her during the birthday celebrations to retire and take the necessary rest which her advancing age demands; and consequently she has expressed the wish for the Emperor to come to the fore again.

Jung Lu is maintaining his influence over the old lady, who in order to strengthen his position is said to be now seeking to marry another of Jung Lu's daughters to Prince Tseng. Considering how very profitable the last daughter's marriage was to him Jung Lu probably wishes to have a dozen.

SINGAPORE MERCANTILE

MARINE AND THE

CURRENCY.

There was a good attendance at a meeting held at Singapore recently to enable the seafaring community to air their views on the Currency Question. Mr. W. Makepeace occupied the chair and gave a lucid description of what the present currency troubles are and, at the conclusion of his speech, considerable discussion ensued in which Captains Hunter and Busk and Messrs. J. Allison, E. M. Lyon, R. Cummings, F. Pellock and others joined. From the general tenor of the remarks it appeared that the general condition of the officers of the vessels sailing out of Singapore had been going from bad to worse with the fall of the dollar. It seemed that it was the married men—those who had to remit money home—who suffered the most and that some of these and their families were really in serious straits.

Capt. Hunter pointed out that the officers and engineers generally were not business men, and that they did not usually invest their spare cash as landmen did. Instead, they usually put all their spare cash into the bank on deposit with the intention of having something to fall back on when they went home. But many stayed out here until they were quite broken in health and forced to leave. Supposing such a man had stayed out here for 14 years and had put by \$1,000 per annum. When he started to do this the dollar was at 3s. 1d. and if this rate had continued he would have gone home with about £2,000, quite a nice little amount. But, owing to the fall in silver, the unfortunate man would now have only about £1,000 and this was cruel indeed.

Much more discussion followed, and eventually Mr. Allison moved and Captain Busk seconded—

"That this meeting expresses its opinion that the Government adopt a Currency System with a fixed rate of exchange."
Carried nem. con.

A motion proposed by Mr. Cummings and seconded by Mr. Seabely, to the effect that the Marine Club Secretary be instructed to forward copies of the above resolution to the Colonial Secretary for transmission to H. E. the Governor and another copy to the Singapore Chamber of Commerce, was carried with acclamation and the meeting terminated with the usual vote of thanks to the Chairman.

The special feature in the share market is the brisk demand for HONGKONG BANKS, and sales have been made at \$650 to \$552.50, and there are buyers at even an advance on these quotations. WHAMPOA DOCKS are rather weaker with small sales at \$216, and now sellers at \$215. Small sales have been made in HONGKONG, CANTON & MACAO STEAMBOATS at \$37 and \$36.75. Sales are noted of HUMPHREYS ESTATE at \$12.50. Business has been done in CHINA PROVIDENTS at \$9.70. Sales effected in HONGKONG LANDS at \$183, and there are still buyers at this rate. The Hongkong and Whampoa Dock Company, Limited, has given notice of an Extraordinary General Meeting to be held on the 8th December, for the purpose of discussing and, if thought fit, approving the directors' proposals for the construction of a new dock at contained in the Circular to Shareholders dated the 22nd September, 1902. Banks—Hongkong and Shanghai Banks dropped to \$540 in the early part of the week but recovered almost immediately, and shares have since been taken off the market at bidding rates up to \$650, at which figure further inquiries exist. The London quotation has receded to \$625. Nationals are unaltered.

Shipping.—Hongkong, Canton and Macao Steamboats have been sold at \$374, and are now obtainable at \$374. Indo-Chinas have ruled still lower, and have been sent to Shanghai at \$91. At the close, however, shares are in strong demand at this figure, but sellers are holding off for higher rates. China and Manilas have declined, and are procurable at \$35. A reef about 3 feet thick has been discovered in Kalampong Valley. Raubs have been the medium of a fair business at \$64 closing with further inquiries at the higher rate. Watsons have changed owners at \$143, the interim dividend of 50 cents paid on the 29th ultimo. Sales have been made of Electrics at \$13 and \$63 for the old and new shares respectively. Langkats: The new scrip having been issued in the New Company (The Maatschappij top Mij), Bosch-en Landbouweexploitatie in Langkat) at the rate of two new shares for each old one, we shall henceforth quote them accordingly. Business has been transacted in Shanghai at 11s. 16s.

FORTNIGHTLY MARKET REPORT.

Yarn.—Although the rate of Exchange on India has suffered a great fall, prices realized were not at all satisfactory. Sales of about 3,500 bales are reported in the market, leaving unsold stock of about 20,000 bales.

Malwa Opium.—Market continued firm and large sales were made during the fortnight. New at \$990 to \$1,010 and Old at \$1,060 to \$1,100 of about 350 chests. The unsold stock is estimated at about 400 chests.

Pengal Opium.—Prices show a great fluctuation. Patna New from about 950 chests at \$975 to \$995, Old about 30 chests at \$970 to \$1,015, Benares about 200 chests at \$970 to \$995 were sold. The unsold stock is estimated at about 1,500 chests.

YARN MARKET REPORT.

Messrs. Cawasjee, Pallanjee & Co., in their fortnightly yarn report dated 5th inst., state:—Since the issue of our last circular dated the 21st ultimo, notwithstanding small stock as well as moderate arrivals during the interval, a falling off of demand is to be noticed in our Yarn Market. Business continued in the same dull and dragging state as previously reported. With the vagaries of Exchange, disorganized state of the consuming districts, and the utter stoppage of orders from Shanghai and the Northern Ports, we are passing through a period of great depression. Prices, though showing here and there a slight improvement, business transpired was far from satisfactory, only Nos. 101, 122, and 307 found buyers to a fair extent. Nos. 64, 85, and 164 are not much inquired for. Sales during the fortnight consisted of about 10 bales of No. 64, 75 bales of No. 85, 1,200 bales of No. 101, 900 bales of No. 122, 165 bales of No. 164, 1,150 bales of No. 201, in all about 3,500 bales. Arrivals during the fortnight per steamers "Bengal," "Laisang," "Mazagon," "Hiroshima," "Maru," and "A. Apar" total about 6,000 bales. Shipments to Shanghai and the Northern Ports total about 1,500 bales. The unsold stock is estimated at about 20,000 bales.

Local Productions.—About 200 bales of No. 101 have been reported as sold at \$97 per bale. *Japanese Yarn*.—Sales of 150 Bales 201 @ \$134 are reported. During the fortnight Exchange has been quite unsteady, and when the last Mail left the exchange on India was Rs. 119 1/2 and since then began to drop until it reached Rs. 115 1/2 on the 28th ultimo; then it began to revive and advanced up to Rs. 118 1/2, and there was a time when all looked for some further improvement, but unfortunately it took a bad turn and we close to-day at Rs. 117 1/2.
